INSTALLING THE SAFE

Safe can be easily install in wardrobe or on wall.

Fix the safe in the place which is not easy to move.

Drill holes for expansion bolts (or clamping screws)in the right place.

Turn the expansion bolts counter clockwise to separate.

Use the expansion bolts (or clamping screws) to secure the case to the wall.

Make sure the case is mounted in place as required and then tighten all screws.

Do's	Don'ts
1) On receipt of the safe, install it properly	1) Don't leave the safe in open position
2) Keep mechanical override key (Emergency Key) at a Safer place	2) Do not install safe in Moisture areas
3) Please check the door properly after closing the door	3) Do not apply any extra force on the keys on opening and closing the door
